

# VOICES

Working questions:

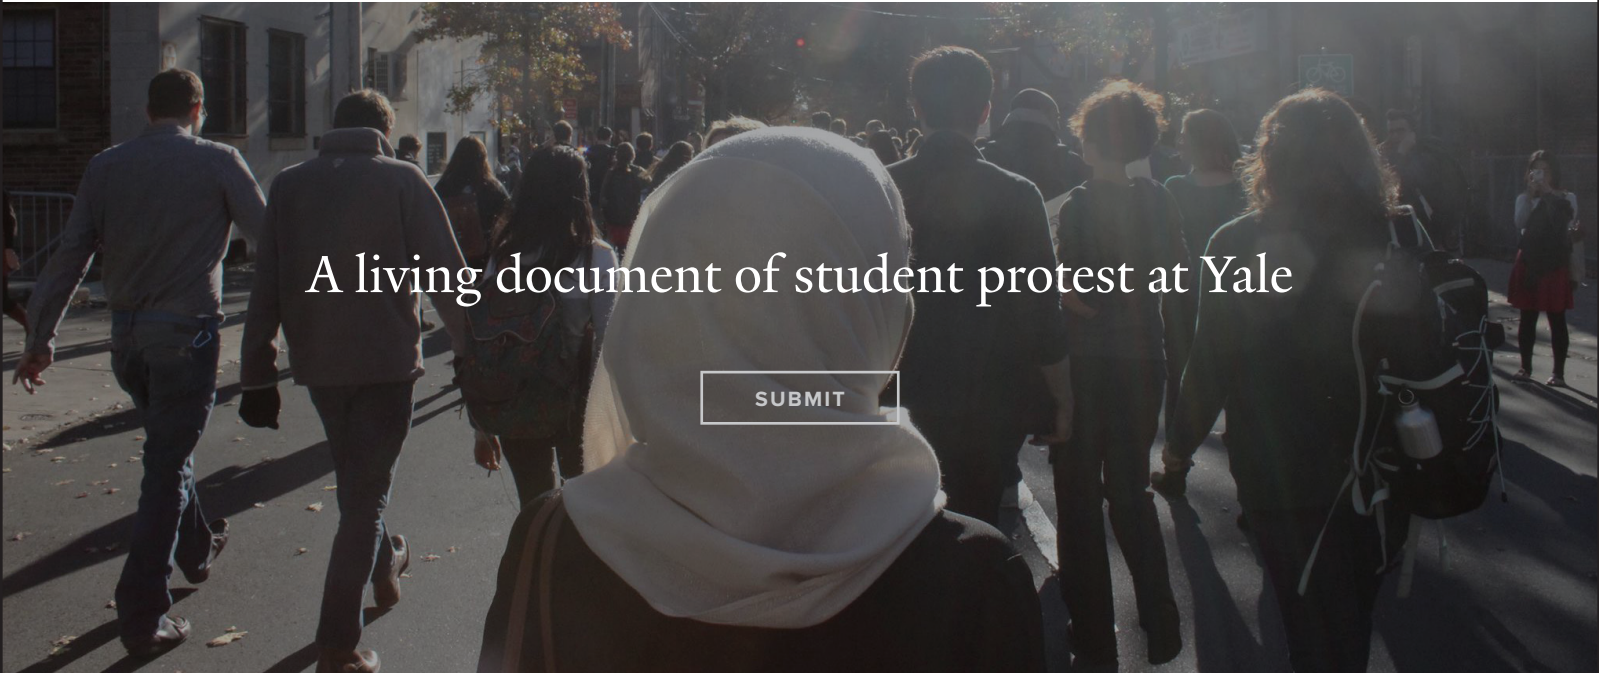

- 1) How do you handle the materials as a “dark” archive? Users will want to see what they are contributing and how it makes a difference. Perhaps we include a way for them to see metrics and how their contributions add to the archive?
- 2) How will we manage user privacy?
- 3) How will audio be recorded and filed? What is the user flow for that?

TITLE HERE

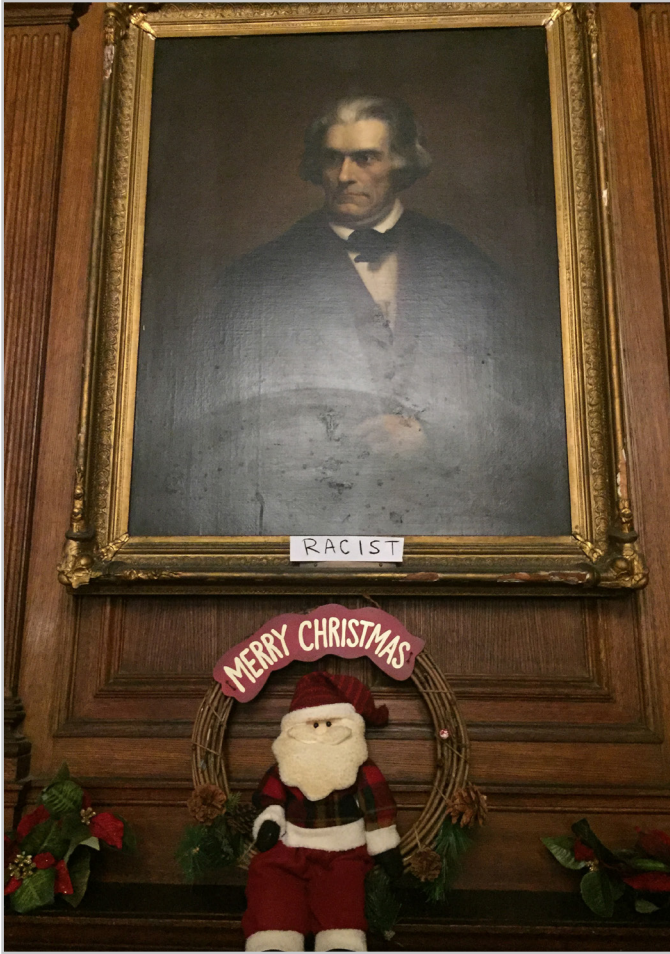

Context of the Voices Project

Bacon ipsum dolor amet turducken meatloaf doner leberkas shank tongue alcatra cupim landjaeger corned beef spare ribs meatball fatback picanha. Alcatra shank prosciutto. Ham hock landjaeger venison flank cupim kevin doner chicken biltong tongue. Alcatra shank prosciutto. Pancetta salami ball tip swine venison chuck flank meatball leberkas. Capicola short loin rump meatball bacon sausage tri-tip biltong pork belly shoulder. Alcatra shank prosciutto. Kielbasa short ribs corned beef sausage short loin pork chop chicken kevin. Sausage pork loin swine bacon beef ribs fatback tongue chuck turkey bresaola. Bresaola picanha leberkas rump swine fatback spare ribs ball tip short ribs ground round pork andouille. Flank corned beef pancetta. (150 words)
